Dear Mr. Datta:

The DOH-CWB has not received a response to our December 4, 2014 comments on your Notice of Intent (NOI) by the January 31, 2015 deadline. This email is to inform you that we have terminated the processing of your NOI and your request for coverage under the National Pollutant Discharge Elimination System (NPDES) General Permit for discharges of stormwater associated with construction activities has been denied without prejudice. You may submit a new complete NOI with the required filing fee.

If you have any questions, please email or call me, at (808) 586-4309.
